THE ASSOCIATE TEACHER'S "AWARD FOR EXCELLENCE" 2021

The Faculty of Education at Western University has long acknowledged the vital role of student teaching in the development of new teachers. The practicum is successful because of the dedication and commitment of over 1400 teachers, and both teacher candidates and faculty are grateful for that service. Teacher candidates at the Faculty of Education benefit from assistance with lesson planning, reflective analysis of teaching, and guidance on classroom management. Associate teachers, as exemplary role models, set standards of excellence for our teacher candidates.

To recognize this contribution, the Faculty of Education will once again present associate teachers with the **Associate Teacher's Award for Excellence**. A teacher will be selected from each of the following programs: Primary, Junior, Intermediate, and Senior.

Nominations may be made by:

- Principals and Teachers
- Teacher Candidates
- Teacher Education Office
- Associate Teachers
- Faculty Members

The selection of recipients will be made by a committee that represents:

- Associate Teachers
- Teacher Federations
- Teacher Candidates
- The Faculty of Education
