"A+" Experience

On January 23, students from Althouse travelled to the Canadian Blood Services facility in London to donate blood. Twelve students participated in the drive, and Canadian Blood Services says that this could help save up to 36 lives- or work towards improving lives through surgeries and treatments.

Canadian Blood Services will be on campus at the University Community Centre (UCC) Thursday, February 14th from 11-4. Visit blood.ca to learn more or book an appointment.

Althouse students gave blood at the Canadian Blood Services Centre in London

📖 SCHOLASTIC BOOK FAIR 📖

From February 4 through February 9, The Education Library hosted a Scholastic Book Fair. Nostalgia was in the air as posters, books, and learning materials were available to purchase. Proceeds went towards The Education Library. Did you pick up anything cool at the fair? Tag us on Instagram!
